Programme Outcomes

On successful completion of this programme the learner will be able to :

Description
Demonstrate knowledge of concepts, theory and legislation underpinning early childhood home visiting-based environments.
Demonstrate a range of specialised technical skills, creative skills and tools across early childhood home visiting-based environments.
Formulate responses and solutions to varied sometimes unfamiliar problems within early childhood home visiting-based environments.
Act in a range of early childhood home visiting-based environments including virtual platforms involving the implementation of creative activities as part of a play and inquiry-based curriculum.
Demonstrate interpersonal and intrapersonal communication skills required for early childhood home visiting-based environments including virtual platforms.
Exercise responsibility to provide quality based nurturant holistic development and learning in early childhood home visiting-based environments.
Engage in ethical, respectful, collaborative practice based on knowledge, theories, practices and values related to strength-based Family Support practice and partnership working.
