Assessment Breakdown	%								
End of Module Assessment	100.00%								
Assessments									
Full Time									
Coursework									
Assessment Type:	Formative Assessment	% of total:	Non-Marked						
Assessment Date:	n/a	Outcome addressed:	1,2,3,4						
Non-Marked:	Yes								
Assessment Description: A multiple choice formative assessment (MCQ) and/or case studies will be provided to enable the learner to identify their strengths and weaknesses before attempting the summative assessment.									
End of Module Assessment									
Assessment Type:	Terminal Exam	% of total:	100						
Assessment Date:	End-of-Semester	Outcome addressed:	1,2,3,4						
Non-Marked:	No								
Assessment Description: Learners will be required to undertake an exam. They will be presented with a complex case study/studies and required to identify the legal issues arising therein and explain and apply relevant contract, commercial and tort law. Learners will be expected to present reasoned arguments, evaluate the problem by referring to concepts introduced in the module, assess liability, and propose solutions and/or make recommendations as appropriate. The exam may be in a traditional format or online format, and learners may nor may not have access to resources during this time and the exam will be adjusted accordingly. This time- constrained assessment must be completed within 2 hours.									
No Workplace Assessment									
Reassessment Requirement									
Repeat examination Reassessment of this module will c	onsist of a repeat examination. It is possible	e that there will also be a requirement to be	reassessed in a coursework element.						
Reassessment Description Repeat Strategy = A new exam
