Assessment Breakdown	%	
Coursework	50.00%	
End of Module Assessment	50.00%	

Assessments

Full Time

Coursework

Assessment Type: Project % of total: 50 Outcome addressed: 1.2.3 **Assessment Date:** n/a

Assessment Description:

The continuous assessment will consist of a project where participants are required, either in a group or individually, to critically assess current policy measures in an allocated area (for example carbon taxes and sustainability, housing policy, education funding, the gig economy) and develop a potential new policy measure in the area which would positively enhance the economy or society based on research and international evidence. Participants will be expected to use data where possible and examine, quantitatively or qualitatively, the implications of their chosen policy measure.

End of Module Assessment

Assessment Type Terminal Exam % of total: 50 1,2,3,4 **Assessment Date:** End-of-Semester Outcome addressed:

Assessment Description:

The end of module examination paper will be two hours long, with Students required to answer essay-style questions on module content. All material on the syllabus, which has been covered in lectures and tutorials, is assessable.

No Workplace Assessment

Reassessment Requirement

Repeat examination

Reassessment of this module will consist of a repeat examination. It is possible that there will also be a requirement to be reassessed in a coursework element.
