# H9CEQ: Contemporary and Enduring Questions in Education

Module Content & Assessment			
Indicative Content			
<b>The nature of knowledge and what it means to learn</b> • Underpinning ideas: Kinds of knowledge and ways of knowing; Philosophical inquiry; Constructivism; Phenomenology; Forms of rationality; The meaning of learning • Questions (indicative): Why do we learn? Can we predict learning outcomes? How do we come to know? What does it mean to be educated?			
<b>Contested questions on assessment</b> • Underpinning ideas: Assessment and learning; Novice, mastery and expertise; Frameworks for qualifications; Assessment of cognitive and non-cognitive abilities; Learning as experience • Questions (indicative): The usefulness of learning outcomes? The quantification of assessment. Can assessments be objective, fair and reliable? Apprenticeships and learning from participation; The value of self-assessment; Perspectives on literacy; The role of teachers in assessment; Alternatives to current models of assessment			
<b>Critical perspectives on education and training</b> • Underpinning ideas: The role of assumptions; The meaning of education; The nature and role of education systems; Descriptive and prescriptive approaches to education; Philosophical underpinnings of current controversies in education; Lifelong learning; Equity, diversion and inclusion; Meritocracy, social mobility and social reproduction; The digital society; Education futures. • Questions (indicative): What are the purposes of education? What ideological assumptions underpin educational practices? What does it mean to think critically? What is literacy in a digital age? Who pays for education? Who benefits from education? How is technology shaping education? How can we educate for an unknown future?			
<b>Ethics &amp; Values</b> • What makes a good teacher? Professional codes and frameworks. The affective dimension of education. The educational relationship.			
<b>Developing and Articulating a Personal Philosophy of Education</b> • Educational autobiography; dialogical inquiry			
Assessment Breakdown			%
