Programme Outcomes

On successful completion of this programme the learner will be able to :

Description
Demonstrate a professional understanding of the core theories, concepts and methods, which underpin Early Childhood Education and Care (ECEC).
Communicate a comprehensive knowledge of diverse theories and scholarship across a range of related subject areas to Early Childhood Education and Care.
Demonstrate mastery in Early Childhood Education and Care practice research skills, including practice-based research design and ethics.
Evaluate theoretical and experiential work in order to formulate judgements and draw conclusions in various contexts of ECEC practice environments.
Apply relevant professional, ethical and regulatory standards in the designing of curricula, pedagogical and assessment practice in a range of ECEC environments.
Demonstrate an ability to manage, lead and work effectively in a team environment and take accountability for decisions in ECEC environments.
Exercise personal and professional responsibility and leadership in adapting knowledge and skills acquired to address complex ECEC environments.
Articulate the role that early childhood educators play in a range of ECEC environments and multidisciplinary contexts.
